

ATTENDANCE POLICY

2018

Trial Attendance

To be considered for FHBC Programs, athletes must attend and participate in the trial. If athletes are unable to attend or participate in the trial, they must complete and submit an **ATTENDANCE FORM** by the trial registration deadline for consideration. The Athlete Program Manager will inform them of the next steps.

Training Attendance

Athletes are expected to attend a minimum of 80% of training in the Regional Program as part of Regional Tournament eligibility and 100% of training in the Provincial Program as part of National Tournament eligibility.

When an athlete is unable to attend a training session/weekend, they must contact their coach or manager by email, before the training session to inform of the date and reason for absence.

When an athlete is unable to attend >1 training weekend, athletes are responsible for completing and submitting an **ATTENDANCE FORM**. Attendance forms and attendance records are considered in the evaluation/selection process for Team BC selection.

Selection Point Attendance

Regional athletes must participate in the Provincial Selection Point* to be considered for Team BC selection. Team BC athletes must be available to compete at the National Championships.

If a Regional athlete is eligible for Team BC selection but is unavailable for the National Championship event, they must declare this before the Provincial Selection Point.
